# Long Road Home

## Nikki Flores

See the thing about love that makes it
The hardest thing in the world to contain it
It can never be bottled up, air tight
You can buy, you can sell, you can trade it,
You can do your dam best to escape it
Everyone is just tryin' to get it right
How do we get back to where we started?
Not just broken hearted
How do we?
Afraid we missed it
Caught up in the distance
Does this even make sense?
It's killin' me
Look at us now
Trying to be strong
It's such a long road home
Should we turn around?
Are we too far gone?
It's such a long road home
Long road home
Turn around and we're suddenly jaded
Love is gone cause we skipped a couple pages
Our story's starting to feel so cold
Fairytales don't happen like you want it
Now the road that we're on is just haunted
Can we fix what we've broken,
I don't know
How do we get back to where we started?
Not just broken hearted
How do we?
Afraid we missed it
Caught up in the distance
Does this even make sense?
It's killin' me

Look at us now
Trying to be strong
It's such a long road home
Should we turn around?

Are we too far gone?
It's such a long road home
Long road home
Road home.
We've got a long road home
How do we get back to where we started?
Not just broken hearted
How do we?
Did we miss it?
Caught up in the distance
It don't make sense
It's killin' me
Look at us now
Trying to be strong
It's such a logn road home
SHould we turn around?
Are we too far gone?
It's such a long road home
Look at us now
Turn around we're suddenly jaded
(trying to be strong)
Love is gone cause we skipped a couple pages
(it's such a long road home)
Our story's starting to feel so cold
Should we turn around?
Fairytales don't happen like you want it
(are we too far gone?)
Now the road that we're on is just haunted
(it's suca long road home)
Can we fix what we've broken,
I don't know
