

No Promises

San Fermin

hey, honey, are you giving up?
hey, honey, you look a little tired
wasn't very long ago we were wolfing down america
living in the undergrowth and buzzing in the nighton and on and round and round we circle
up and down, we're floating on the tidei won't promise you if you follow me around
i won't let you down, i won't let you down
they [wander, it hurts?] to say it's where we found
no promises, no promises
hey, honey, i know it's been a while
hey, honey, i wouldn't blame you if your turned aroundon and on and round and round we circle
up and down, we're floating on the tidei won't promise you if you follow me around
i won't let you down, i won't let you down
they [wander, it hurts?] to say it's where we found
no promises, no promisespack your bags, leave your home
drive all night, do it for me
change your clothes, hold your calls
cook your [task?], do it for me
wet your lips, dry your tears,
drink your [death?], do it for me
waste your youth, count your years
lose yourself, do it for me
pack your bags, leave your home
drive all night, do it for me
change your clothes, hold your calls
cook your [task?], do it for me
wet your lips, dry your tears,
drink your [death?], do it for me
waste your youth, count your years
do it for mei won't promise you if you follow me around
i won't let you down, i won't let you down
they [wander, it hurts?] to say it's where we found
no promises, no promisesi won't promise you if you follow me around
i won't let you down, i won't let you down
they [wander, it hurts?] to say it's where we found
no promises, no promisespack your bags
drive all night
change your clothes
cook your
wet your lips

drink your
waste your youth
no promises
