

# Something Crazy

Steven Curtis Chapman

He's got a Bible and a megaphone standing on the corner  
And everybody's saying he's crazy  
Well, does he really think anybody wants to hear  
What he has to say?  
He's not screaming at anybody, in fact it's as if it's a love story  
That he's trying to tell them  
And he knows it may look a little strange  
But he just smiles and says, "That's okay  
'Cause you know sometimes love makes you act that way?  
And it's crazy when love gets a hold of you  
And it's crazy things that love will make you do  
And it's crazy but it's true, you really don't know love at all  
?Til it's making you do something crazy  
I know a lady in Uganda, forty kids call her momma  
And everybody thought it was crazy  
She used to drive a Beemer but I've never seen her  
Any happier than she is now  
I've met them all around the world, they're the boys and the girls  
Filled up with the love of the Father  
And they know it may look a little strange  
But they just smile and say, "That's alright  
?Cause love puts everything in a different light?  
And it's crazy when love gets a hold of you  
And it's crazy things that love will make you do  
And it's crazy but it's true, you really don't know love at all  
?Til it's making you do something crazy  
Crazy  
Crazy when love gets a hold of you  
Crazy, crazy  
Crazy thing that love will make you do, crazy  
Well, some might say it's a crazy thing  
To believe in a man who would say He came  
From Heaven down to earth because of love  
But I just smile and say, "That's okay  
?Cause you know sometimes love makes you act that way?  
And it's crazy when love gets a hold of you  
And it's crazy things that love will make you do  
And it's crazy but it's true, you really don't know love at all  
?Til it's making you do

Crazy when love gets a hold of you  
And it's crazy things that love will make you do  
And it's crazy but it's true, you really don't know love at all  
Until it's making you do something crazy
