

HARD WIRED

M-Klome

Well water was wine
Back on blue Mountain Time
While I watched your lovin' expire
 While I laid close to you
 As the lace on the shoe
 And that's when I knew
We were hardwiredWell you bumbled like bees
 And I boiled like the seas
 While you led where no one would follow
 So I hid in the mud
 Of my catholic blood
And let that minute hand race towards tomorrowBut are you are as you came
 Mostly bliss and cocaine
Just a match beggin' for fireYeah, and I am as I was
 Sick with mercy and love
 Well I'm sorry enough
I was hardwiredSo baby sit by the still
 Drink up your fill
 Tell all of them people your problems
 Those friends were so true
 When you were 22
But now you've got nothing in commonCause they are as they came
 Mostly bliss and cocaine
Just a match beggin' for fireYeah and I am as I was
 Sick with mercy and love
 Well I'm sorry enough
I was hardwiredSo baby brace for good times
 Oh, do what feels right
 And send me the bill when you tire
 Cause I am as I came
 And I'll still be the same
 Well I've got nothing to blame
Oh I was hardwiredOh cause I am I was
 And I'll stay here because
 Yeah, you know the truth always was
 We were hardwired
