

Song Like You

Bea Miller

Do do-do do-do do-do-do
Do do-do do-do do-do-do
Do do do-do do-do do-do-do
Do do-do do-do doA song like you is a ripple of the waves
That rises to a hurricane
Oh uh oh uh
Ah ah, oh uh ohA song like you is a whispered lullaby
That's drowned out by a baby's cry
Oh uh oh uh
Ah ah, oh uh ohA song like you would never tell me the truth
It would turn me on, break me down
Make me feel like there is nothing outside this room
A song like you would have me lost in my youth
Oh baby
A song like youI'd play it every night
I'd play it every night
A song like you
A song like youA song like you is a ballad black swan dance
That's brought down by a shot-gun blast
Oh uh oh uh
Ah ah, oh uh ohIf I wrote a song that's anything like you
It would turn my color into blue
Oh uh oh uh
Oh uh oh uh
Oh uh oh uh
A song like you would never tell me the truth
It would turn me on, break me down
Make me feel like there is nothing outside this room
A song like you would have me lost in my youth
Oh baby
A song like youI'd play it every night
I'd play it every night
A song like you
A song like you
I'd play it every nightCan't get you out my mind
When I'm alone and
I've been wasting so much time
And it's killing me inside
A song like youI'd play it every night

A song like you
(Song like you, yeah)
I'd play it every night
(I'd play it every night)
A song like you
(Song like you)
A song like you
(Song like you, yeah) Do do-do do-do do-do-do
Do do-do do-do do-do
