## Rockie Fresh

Hook:

'cause i've never never had some .game  
until we always  
and if i ever ever the chance again  
i'll probably do the same  
oh i won't let you go

but you never take my spot  
plus my flow going dirty  
i see jet you bring em out  
stayin clean and low key  
has always been a win for me  
clearer on the drama and tax on my enemy  
if i die the day and issue ever be the .to me  
i'm grateful for the things that i evolved ready for .

an independent live you getting love to make it  
then i did it on my own and down i'm taking favors  
i self talk god . god pay  
show love, why hate, get it now  
while wait, .you gotta know the time is where.  
say you got a gift i'm appreciated your present yeahHook:
