Bad Days Better

Shane & Shane

You have made my day
Even in stormy weather
And I'm dancing in all the rain
'Cause you make bad daysGreat is the way
When you come to mind I am smiling
Ear to ear, sweet thoughts of youI'm always in the mood
To twirl around with you while it's raining
Even if it's a dreamYou have made my day
Even in stormy weather
And I'm dancing in all the rain
'Cause you make bad daysGreat is the way
That I am unafraid when I see you
All my fear goes awayThe bad days are coming
Rainy days are always around
Oh, but if I can see you
One glance upon you, the sun comes outI'm dancing in all the rain
'Cause you make bad days better
