Lake Superior

The Arcs

On a stretch of sand, sweet northern breeze
Manitowoc put Avery on the beach
Your alibi, will never do
When the whole townâ€™s got it out for you

Judge fox, the Great Lake stain
Got Superior wanting to pull its own drain
To abandon the shore, where the poor get whipped
And the fat get fatter and the rich stay rich

Where the mice of men are chained and bruised
Where to stand accused is to admit you lose

I wanna know
People outdoor
Ainâ€™t gonna go out and act insane
Insane

My Baby girl
Out in a world
All alone burns a hole in my brain
My brain

I wanna know
People outdoor
Ainâ€™t gonna go out and act insane
Insane

My baby boy
Pride and joy
Heâ€™s gonna go out and do the same
Just saying

In the hall of harm disgraceful sounds
Manitowoc knows how to gavel pound
They crack it right and shoot on site
Do you know where your baby is tonite?

The red tide is back again
Old Superiorâ€™s new McCarthy clan

Back on the shore, where the poor get whipped

And the fat get fatter and the rich stay rich
Where the mice of men are chained and bruised
Where to stand accused is to admit you lose

I wanna know
People outdoor
Ainâ€™t gonna go out and act insane
Insane

My Baby girl
Out in a world
All alone burns a hole in my brain
My brain

I wanna know
People outdoor
Ainâ€™t gonna go out and act insane
Insane

My baby boy
Pride and joy
Heâ€™s gonna go out and do the same
Just saying
