24 Hours a Day

Triumph

I tell you sweetly now
Why I can't come to bed
I'm listening to the music
That's playing in my headWhile you're filled with sleepy dreams
I'm moving to the sounds
The beat keeps driving in my brain
And the words go round and roundI see myself upon the stage
And holding my guitar
And I can't tell if it's Carnegie hall
Or just some local barBut the hands are clapping
And the place is moving and I feel it in my soul
It's late at night and I can't sleep
I gotta write some rock 'n' rollIt drives me crazy
About twenty-four hours a day
It's bouncing all around in my brain
And I've just got to playWell, the world outside is quiet
And the children are fast asleep
But here inside I'm rockin' 'n' rollin'
To a crazy beatSo come on, come on, come on, come on
Come on boys, let's play
Yeah, we're gotta do it, do it, do it
Twenty four hours a dayEverybody party
Twenty-four hours a day
Everybody party
Listen baby, what I sayEverybody party
Twenty-four hours a day
Everybody party
Party, party every dayBaby, let me tell you sweetly
Why I can't come to bed
I'm listening to the music
Playing in my headWhile you're filled with sleepy dreams
I'm moving to the sounds
The beat keeps driving in the back of my brain
And the music goes round and roundSo come on, come on, come on, come on
Come on boys, let's play
Yeah, we're gotta do it, do it, do it
A twenty four hours a dayEverybody party
Twenty-four hours a day
Everybody party

Listen baby, what I sayEverybody party
Twenty-four hours a day
Everybody party
Party, party every dayEverybody party
Twenty-four hours a day
Everybody party
Come on boys, let's playEverybody party
Twenty-four hours a day
Everybody party
Party, party every dayEverybody party
Twenty-four hours a day
Everybody party
Party, party every dayEverybody party
Listen baby, what I say
Everybody party
Twenty-four hours a dayEverybody party
Twenty-four, twenty-four
Everybody party
Twenty-four hours a dayEverybody party
Twenty-four hours a day
