

Small Axe

Buju Banton

Small axe fall big tree
Though I'm just a baby
Safe in your arms
That's where I wanna be
Small axe fall big tree Small axe fall big tree
Though I'm just a baby
Safe in your arms
That's where I wanna be
Small axe fall big tree Been on your love line for so long
Won't you be mine age is no crime
Been loving you every minute every hour
All I ever need Small axe fall big tree
Though I'm just a baby
Safe in your arms
That's where I wanna be
Small axe fall big tree
