Nemesis

Wolfheart

Retaliator born from a wrath and raised by rage
Courageous and fearless with vengeance aheadRetribution ferocious and dire
Hatred like a fire
Ignite the flames of detest and with strength ablazeRise
No kneeling or repentance
No self sacrifice
It's an eye for an eyeBlood for blood
From suffering into submission
Towards total reprisalDesecration with no remorse, violate and defile
The ones who spilled the blood of the innocents
Acts so dreadful and vileSacrilegious deed, sin against the life
Sacred and hallowedI am the nemesis
I am the destroyer
I am eternal fire
