Waste

Chimp Change

Scene, what does that mean?
Never been a part,
Always in the heart,
Of the city I live in

Where, is the rebel scream?
Fist in the air,
Like we don't care,
Its not something you find here.

Cuz the Kids,
They don't wanna rock
They don't wanna roll,
They just wanna cry.

Why, do we even try
To make shit better here?
It's a waste of time
