## Smashing Pumpkins

Got me a raygun  
Got me an altitude  
Can't help feelin'  
Somethin's wrong with everyone of you Inside your head  
Trust me instead  
Inside your head Talk revolution  
As if it matters now  
I don't care anyway  
Just give me what I want Inside your head  
Trust me instead  
Inside your head Oh, oh, oh, oh  
Ooh, ooh, yeah Fill me with your little whispers  
Store your little nightmares  
Of a generation said to burn Come on honey  
Let's go for a ride  
Down where the crickets  
Learn to sing and play, baby Inside your head  
Trust me instead  
Inside your head  
Trust me instead Inside your head  
Trust me instead  
Inside your head  
Yeah Yeah  
It's a motherfucka  
Oh, ooh Whew!
