So Let Us Create

Jukebox the Ghost

Isn't every day exactly what we make?
Mistakes, mistakes
And often on the same day
We'll make the same mistakes
Let's get to know them then
Let's get to know them thenSo let us create
What we need each other to be
And I'll be what you need
For me to beIf your dreams are far too real
Let me in them then
Let me in them thenWith your dreams I'll make a deal
I'll slowly change the feel
I will soften them then
I will soften them thenSo let us create
What we need each other to be
And I'll be what you need
For me to beAnd I will grab hold
Of your small little nose
I will warm it then
I will warm it thenAnd then I know I'll go
And say something that I know
Could be the end then
Could be the end then
