Einstein's Noggin

Cheers Elephant

We will soon find, what we bought our tickets for
Then we will ride.
When get there, weâ€™ll be happy or scared
But for now we cannot tell.

Fish swimming in sync to the sound of tornados
My egoâ€™s overflowing.
Meaning of timeâ€™s diminished to the point where,
It doesnâ€™t exist.

Break rules with science
Break rules with science

Einsteinâ€™s Noggin
Einsteinâ€™s Noggin

Are you home
Are you home

The reducing valve has been completely shut off
