Happiness

Vanessa Williams

Happiness, happiness, happiness
I don't believe what I'm hearin'
You can't impress me by what you show me
Don't think I'm goin' through changes
Or you might see me change for the last time
Having a bad day better deal with it
If you're playin' games no time for it
If you're bringin' pain gonna run from it
Don't mess up my day
I'm the only one who's responsible for me havin' fun
And you can't take my
Happiness is what my life's about
Happiness no I can't do without
Happiness nothing can stop me now
Through ups and downs I'm still happy
Life is good as I make it
I can't sit while you make it for me
I like those jewels you gave me
But I wanna buy some jewels for myself
To lose the ball and chain, gotta reach for it
To realize my dreams, gotta reach for it

Nothin' comes for free, gotta reach for it
I'm not gonna have to depend on you
I'm the only one who's responsible for me havin' fun
And you can't take my
Happiness is what my life's about
Happiness no I can't do without
Happiness nothing can stop me now
Through ups and downs I'm still happy
I'm the only one who's responsible for me havin' fun
And you can't take my
Happiness is what my life's about
Happiness no I can't do without
Happiness nothing can stop me now
Through ups and downs I'm still happy
Happiness is what my life's about
Happiness no I can't do without
Happiness nothing can stop me now

Through ups and downs I'm still happy
Happiness, happiness
