Finders Keepers

Marti Brom

Finders keepers, losers weepers
Learn how to treat her finders keepers
Playa think of where your girl been
For the last two weeks
(She)
Caught you at the bar slippin'
Now she found a new place to sleep
(Now)
You want problems when she don't return your beeps
I backed up the Bope gettin' out the Benz jeep
Now she's rollin' with me
(Hey)
Finders are keepers and losers are weepers
(Say it, say it, say it)
Learn how to treat her 'cause if I find her, I'm keep her
(Hey)
Playa what's the problem
You're at the mall everyday
(Everyday)
Hopin' she'll show up
But you're the one who pushed her away
(yea, yea, yea)
Should've handled your business before
You went on your stroll
But since you didn't slow your roll
You know how the story goes
(Oh, oh)
Finders are keepers and losers are weepers
(Say it, say it, say it)
Learn how to treat her 'cause if I find her, I'm keep her
(Hey)
It was all good as long as I was your bitch
Now you wanna flip when I decide to dip
Stop the phone calls, I'm hittin' you in the hip
Two weeks without my sex nigga that was a diss
Your name's off the list so how you stackin' your chips
Now was the other bitch worth it all coming to this?
'Cause now I'm gettin' kissed like, I ain't never been kissed
And now you're gettin' pissed so I'ma live you with this, ya heard me?

Finders keepers, losers weepers
Learn how to treat her finders keepers

Finders are keepers and losers are weepers
(Say it, say it, say it)
Learn how to treat her 'cause if I find her, I'm keep her
(Hey)
Finders keepers, losers weepers
