Love In A Void

Siouxsie and the Banshees

So many fools blocking my motion
Clouding my eyes must be the potion
Spots on my eyes must be the lotion
Spots on my eyes must be the lotionLove in a void, it's so numb
Avoid in love, it's so dumb
Love in a voidSo many bigots for my liking
So many critics too few writing
Rabid dogs that aren't biting
Rabid dogs that aren't bitingLove in a void, it's so numb
Avoid in love, it's so dumb
Love in a voidJaded reputation on which you're staking
Lots of money for the making
For all the stars they're just faking
For all the stars they're just bakingLove in a void, it's so numb
Avoid in love, it's so dumb
Love in a voidLove is, love is, love in a void
Avoid in love, it's so numb
So dumbLove is, love is, love in a void
Avoid in love, it's so numb
So dumb
Love in a void, it's so numbLove in a void, avoid in love
It's so numb, so dumb
Love in a void
