Darling, I'll Be Your Werewolf

Short Stack

Today I went to speak to God
But the sky was empty
And the clouds fell down around me and you
As we stood hand in hand out of heat, invent me
A sea of love and ways to drown me and you
We're going to hell
Just because we're werewolves
We're werewolves
A-oo
A-oo
A-oo
My love it's quite a thrill
Darling I'll be your werewolf
A-oo
A-oo
A-oo
So whole, little miss
Imagine this
We're intwined
And helpless
And the world turns upside down
Without you
We're going to hell
Just because we're werewolves

We're werewolves
A-oo
A-oo
A-oo
My love it's quite a thrill
Darling I'll be your werewolf
A-oo
A-oo
A-oo
It's 11:57 she tastes so sweet
And I want more
Just a second, lay in heaven
As my heart hit-hit-hits the floor
Soo, we're going to hell

Just because we're werewolves
We're werewolves
A-oo
A-oo
A-oo
My love it's quite a thrill
Darling I'll be your werewolf, your werewolf
A-oo
A-oo-oo
Ooh
A-oo
Ooh
