

W.S.S. Deez Nuts

Xscape

I've been hurt by too many
Men, they suck their lies and 'know
They can suck mines
It's out of control W.S.S. bye
Deez nuts you gonna be
Wiht here be with
Here and you can die with here I vision you and her makin'
Love, it don't make sense
I just break down and cry baby
I know your lies is killing me
But it don't fase me, yeah W.S.S. byee
Deez nuts you gonna be
Wiht here be with
Here and you can die with here Too many times
Stud up for a man
But now it's time
To call me own, I know Love's supposed to know
The love but it's gone W.S.S. bye
Deez nuts you gonna be
Wiht here be with
Here and you can die with here W.S.S. bye
Deez nuts you gonna be
Wiht here be with
Here and you can die with here W.S.S. bye
Deez nuts you gonna be
Wiht here be with
Here and you can die with here W.S.S. bye
Deez nuts you gonna be
Wiht here be with
Here and you can die with here
