Give me a little, give me
Give me a little, give me yourI bet you give it a little, more time
It's all that you need
A moment in mine
Don't give, entertainiacs won't talk about it
One man a minute, don't know all about it
Give it a little, give it more time
Oh-oh, take it from meSo give a little
Take it off
Give another moment
Take it off me
Give another
Take it off
Give another moment
Oh take it from meGive me a little, give me
Give me a little, give me yourOh baby give it, more time
The world doesn't need average to colour the lines
Who gives a damn, entertainiacs don't fuck with it
One minute baby, can change it, baby give it a little, give it more time
The world will give you something
Wait, don't let it pass
It's time for them to notice
Have it in your grasp
The world will give you something
Wait don't let it pass, no
Oh-oh, so maybe give it a little, give it more time
Oh-oh, take it from meSo give a little
Take it off
Give another moment

Take it off me
Give another
Take it off
Give another moment
Oh take it from meGive me a little, give me your
Give me a little, give me (oh, from me, take it from me)
The world will give you something
Have it in your grasp
The world will give you something
Have it in your grasp
Don't wait for them to notice
Make it your own path
The world will give you something
Have it in your grasp, oh, yeah-yeah-yeah-yeahSo give a little
Take it off
Give another moment
Take it off me
Give another
Take it off
Give another moment
Oh take it from meGive me a little, give me your
Give me a little, give me
Give me a little, give me your
Give me a little, give me
