

Add to the Beauty

[Sara Groves](#)

We come with beautiful secrets
We come with purposes written on our hearts, written on our souls
We come to every new morning
With possibilities only we can hold, that only we can hold
Redemption comes in strange places, small spaces
Calling out the best of who we are
And I want to add to the beauty
To tell a better story
Shine with the light
That's burning up inside
It comes in small inspirations
It brings redemption to life and work, to our lives and our work
It comes in loving community
It comes in helping a soul find it's worth, a soul find it's worth
Redemption comes in strange places, small spaces
Calling out the best of who we are
And I want to add to the beauty
To tell a better story
Shine with the light
That's burning up inside
And this is grace, an invitation to be beautiful
And this is grace, an invitation
Redemption comes in strange places, small spaces
Calling out our best
And I want to add to the beauty
And I want to shine with the light
That's burning up inside
Add to the beauty
I want to tell a better story
Shine with the light
That's burning up inside
