

# Us Theory

## Slakah the Beatchild

Like the sand on a beach  
I know that we  
Will remain always  
If the sun should freeze  
That is when I will leave  
We can wait, all day  
If the night sky and the moon  
Call in sick and refuse  
To mask all the freaky things we do  
That is the day we are through  
Like the 5 plus the 3  
I know that we  
Will remain, always  
If Jah Jah, should lie  
Then we weren't meant to be  
But we can wait, all day  
When the seed of life decides  
How and when it should grow  
That's the time when you and I  
Should say goodbye  
Adios  
Like the rain from the sea  
I know that we, will remain always  
Yes until the end of eternity  
Will you wait for me?
