Flying High

Freedom Call

When the moon is rising with a silver shining light
Waking up the angels of the night
And they turn the key to heaven, open up the gates to life
Teach me right from wrongEnlight me, take me, lives last eternally
Far beyond the open skyFlying high on wings of eternity
See their shine through the eyes of the world
Flying high away from reality
See their shine through the eyes of the worldI'm drowning in illusions every day and every night
Dancing with the demons of my life
A mankind endangered on a path of no return
World has gone astrayEnlight me, carry me, lives last eternally
Take me to the beauty worldFlying high on wings of eternity
See their shine through the eyes of the world
Flying high away from reality
See their shine through the eyes of the worldTime has come for my glory ride
A heavenly kingdom divineFlying highFlying high on wings of eternity
See their shine through the eyes of the world
Flying high away from reality
See their shine through the eyes of the world
