

# Sweet Boy

## Mary Epworth

Sweet boy, why are you leaving town?  
Sweet boy, why are you leaving town?  
Sweet boy, why are you leaving town?  
    You should be staying with me  
    You should be staying with me  
    I could have find someone sweet  
        In another town, on any street  
    Oh but you had a thing for the swing meat  
        You should be swaying with me  
        You should be swaying with me  
        Uh, I have known the lover's love  
    That fell to the grave of the brother's love  
        But I would surely risk another love  
        If you were twisting with me  
        If you were twisting with me  
    Sweet boy, why are you leaving town?  
        Beat boy, why are you living town?  
    Oh I could have got used to just having you around  
        You should be staying with me,  
        You should be staying with me.
