

Finally Free

[Andrea Hamilton](#)

verse

I hear a heartbeat
It's in the air with the butterflies
In fields of honey
With buzzing bees twirling in the skyMy ray of sunshine
You tell a story so shiny i believe
Float on the water
Our sparkly laughter makes marionettes upon the seaShine your light above me now
Dance me on the skyline
Sweep me up to touch my dreams
High up where i'm finally freeNow stars are smiling
and all the air singing lullabies
Our floating lanterns
Like fairytales flying right before our eyesShine your light above me now
Dance me on the skyline
Sweep me up to touch my dreams
High up where i'm finally freeShine your light above me now
Dance me on the skyline
Sweep me up to touch my dreams
High up where i'm finally freehigh up where I'm finally free
