Deluka

In the bright white of the headlights
Bouncing off the edge of the sky
Your energy dancing around me
Keeps me warm, it keeps me aliveAnd you feel like a place to sleep when it's late
Somewhere I can close my eyes
When the world went cold you were brighter than gold
We built this city overnightSo let me go home
Home
Home
Home
So let me go home
Home
Home
Go home
In our safe house we built out
Chasing every high, every dream
We switch off the voices
Trying to tell us who we should beAnd we move it along, forever we're young
Don't see any need to wait
When the world went cold you were brighter than gold
Our feelings only escalateSo let me go home
Home
Home
Home
So let me go home
Home
Home
Go home
I'll meet you at the bridge
We'll talk into the night
Take the first train home
And in the morning light
We'll fall asleep in each other's arms
And when we wake upWe will be home
Home
Home
Home so let me go home
Home
Home

Go homeHome
