This is the United States Of America
And you got the right to hate
Hold your watch so let's start busting hateBlack against white
Yellow versus red
The fighting won't stop
Until we're dead
Until we're all deadBurning, looting
Riots destroy the masses
Nightfall, brings death
And city reduced to ashesDon't call me your brother
'Cause I ain't your fucking brother
We fell from different cunts
And your skin, your skin's an ugly colorRace war, we're going to a race war
Hate war, we're going to a hate war
Yeah, yeah, rage against a homicideOh, bloodshed, rampage
Torture is not subsiding
Chaos, bedlam
Violent ethnic uprisingMuslims against Christians
And the Arabs versus Jews
The Catholics and Protestants
No one wins, we all loseRace war, we're going to a race war
Hate, hate war, we're going to a hate war
Yeah, yeah, everybody's gonna dieXenophobic tendencies
Instilled in us at birth
Are misabled racism
Hostilities getting worseAccept the fact, my distant country
We cannot live in peace
Isolated environments
May just be the key, get upHuman beings suspicious
Soon fear grows to hate
Have each other by the throat
Forced to integrateMothers watch their children die

At each other's hand
Cain and able set the course
Ethnocentric command, noRace war, hate war, race warYou can run but you can't hide
