

# All That's Left is Gone (feat. Deni Gauthier)

## Rose Cora Perry

Spoken Intro: There's nothing left to try.  
There's no place left to hide.  
There's no greater power than the power of goodbye.

V1: I watched you walk away  
Didn't know it was the last time I'd see your face  
And now I wait  
Outside it rains

V2: I watched you close the door  
Didn't feel I could've given you anymore  
And now I cry  
And now I'm dying inside

Chorus: It wasn't me  
It wasn't you  
It's just the way things were meant to be  
As I pick up all the pieces  
I wonder if there's anything left for me  
Did you leave me with anything?  
(besides this broken heart)

V3: I watched you turn away  
Never thought that I'd ever see that day  
And now I fall  
You killed us all

V4: I watched you break me down  
As I reached out to give you all of me  
And now I fade  
It was all a charade

V5: I watched your walk away  
Didn't know it was the last time I'd see your face  
And now I wait  
Wait for the day

(Overlay: You were my lesson I had to learn. I was your fortress you had to burn)
