

# Nothing Like It in the World

## Mr. Big

Love is a stranger you didn't plan on  
Turns you to a victim or a volunteer  
It can disappear like a rose in a garden  
There's nothing like it in the world  
You can swear to God that it's over  
Tell a clipped heart to play dead  
There's no way to stop looking over your shoulder  
There's nothing like it in the world  
There's nothing like the weight when it's lifted  
There's nothing like a dream where you learn how to fly  
I know for sure, 'cause I've been there before  
There's nothing like it in the world  
Somewhere in a smile there's an invitation  
Calling you back into the dance  
You can't deny such a high from a beautiful moment  
There's nothing like it in the world  
There's nothing like the weight when it's lifted  
There's nothing like the weight when it's lifted  
There's nothing like a dream where you learn how to fly  
I know for sure, 'cause I've been there before  
There's nothing like it in the world  
There's nothing like the weight when it's lifted  
There's nothing like a dream where you learn how to fly  
With no compromise  
I now for sure, cause I've been there before  
There's nothing like it in the world
