Bring On The Men

Linda Eder

There was a time
I don't know when
I didn't have much time for men
But this is now and that was then, I'm learningA girl alone, all on her own
Must try to have a heart of stone
So I try not to make it known my yearning
I try to show I have no need
I really do, I don't succeedSo lets bring on the men
And let the fun begin
A little touch of sin
Why wait another minuteStep this way it's time for us to play
They say we may not pass this way again
So let's waste no more time
Bring on the menI always knew, I always said
A silk and lace in black and red
Will drive a man right off his head, it's easySo many men, so little time
I want them all, is that a crime, no
I don't know why they say that I'm too easy
They make me laugh, they make me cry
They make me sick, so God knows whyWe say bring on the men
And let the fun begin
A little touch of sin
Why wait another minuteStep this way it's time for us to play
They say we may not pass this way again
So let's waste no more time
Bring on the menThey break your heart
They steal your soul
Take you apart
And yet they somehow make you wholeSo what's their game
I suppose a rose by any other name
The perfume and the pricks the sameI like to have a man for breakfast each day
I'm very social and I like it that way
By late mid-morning I need something to munch
So I ask over 2 men for lunchAnd men are mad about my afternoon tea's
They're quite informal I just do it to please
Those triple sandwiches are my favorite ones
I'm also very, partial to bunsMy healthy appetite gets strongest at night
My at home dinners are my men friends delight
When I invite the fellas over to dine

They all come early, in bed by nine!So let's bring on the men
And let the fun begin
A little touch of sin
Why wait another minuteStep this way it's time for us to play
They say we may not pass this way again
So let's waste no more time
Bring on the men!Big men, small men, short men, tall men
I guess that means almost all men
I'm a player, as long as they are men, men, men!
