I Don't Sleep

Amen

And I have seen what your children see
All these nuns are pregnant, dance in kerosene
Stand defiled and dewombed
Reconciled flooded girls at the back of my windowAnd I don't sleep
And I don't sleep
And I don't sleepFather sees what baby breeds
Through the wind shot windows that torture freely
I can't see what the day light breeds
All the fattening mothers and their tortured sexingAnd I don't sleep
And I don't sleep
And I don't sleepTied up
Tied up
Tired
I'm tide upDon't eat, don't sleep, don't dream in America
Don't work, don't walk, don't wake in America
Don't eat, don't sleep, don't dream in America
Don't work, don't walk, don't wake in America, noTied up
Tired
