

Be My Babe

Corey Cyr

Gal, won't you be my babe?
Gal, won't you be my babe?
I'll do anything that it takes,
If you'll just be my babe. Baby you make me smile.
Baby you make me smile.
You know id walk a million miles,
Just because you make me smile. Baby please hold me tight.
Baby please hold me tight.
I'd buy you all the stars in the night,
If you'll just hold me tight. I think I wanna marry you.
I think I wanna marry you.
We can have a kid or two,
But first I wanna marry you.
