

# Let Me Go

## Zebrahead

Well some wear their feelings right on their sleeve  
And some want to feel what's inside of me  
But I've been here twice before oh  
I've been here twice before and I notice you Spy satellite snapping shots from the skylight  
Endo you know buffers up to a highlight  
Ink to the skin tight burned in the sunlight  
If present lived hindsight, you would be dynamite Butterfly crucify yourself straight Gemini  
Checking out gray clouds burning out blue skies  
Even high tides rail slides break for landslides  
Just another ride got shot goodbye side Don't let me go  
I know I'm always late to see you  
I can't wait to see you again and  
Don't let me go  
I know I'm always late to see you  
I can't wait to see you here again Well some wear their feelings right on their sleeve  
And some want to feel what's inside of me  
But I've been here twice before oh  
I've been here twice before and I notice you Spy satellite snapping shots from the skylight  
Endo you know buffers up to a highlight  
Ink to the skin tight burned in the sunlight  
If present lived hindsight, you would be dynamite Butterfly crucify yourself straight Gemini  
Checking out gray clouds burning out blue skies  
Even high tides rail slides break for landslides  
Just another ride got shot goodbye side Don't let me go  
I know I'm always late to see you  
I can't wait to see you again and  
Don't let me go  
I know I'm always late to see you  
I can't wait to see you here again You wanted something different  
You confused the lines  
And now you're trying, you're trying to make this  
Better 'cause you know you can't rewind Can't go back if that's what you're doing 'Cause everything looks dope  
in slow motion  
But you got taxed in all the commotion  
Then you got waxed for all your devotion  
Floating in space, no locomotion 'Cause everything looks dope in slow motion  
But you got taxed in all the commotion  
Then you got waxed for all your devotion  
Floating in space, no locomotion Don't let me go

I know I'm always late to see you  
I can't wait to see you again and  
Don't let me go  
I know I'm always late to see you  
I can't wait to see you againDon't let me go  
I know I'm always late to see you  
I can't wait to see you again and  
Don't let me go  
I know I'm always late to see you  
I can't wait to see you here again
