

One In A Million

Gotthard

I can 't believe it gets so hard
Every single day that we 're apart, yeah
I lose control, you know that 's true Say you do, say you will
To make you stay, i 'm thinking I would kill, yeah
So take a look, see what you've done You 're one in a million
One in a million miles away
Just want to be near you
Want to be near you now
Near you night and day, oh yeah Now I can 't shake it loose
And I can 't break the chain, read my mind
Then you would feel the pain, yeah
Won 't you come on home and set me free Say you will, say you do
Tried a thousand ways just to get to you, oh
And one of these days, i 'll turn around
And you 'll be there You 're one in a million. Another chance is all I need
Miles away gotta stop my heart from bleeding
Miles away well I got one more card to play
Miles away I'll lay it down to make you stay
One in a million One in a million
One in a million miles away
Just want to be near you
Want to be near you night and day
One in a million
One in a million miles away
Just want to be near you
Want to be near you now
Near you night and day
One in a million
