

Someday Soon

Wilco

Wind will blow and the sun will shine
On that hill where we used to climb
I look in your eyes and you'll be mine
Someday soon I won't even make a scene
That will be just like a dream
Cash will flow down by the old mainstream
Someday, someday soon You don't know me but I know you
(You don't know me)
You have no idea what I do
(What I do)
Make you mine and see you swoon
Someday, someday soon Sun's gonna shine, wind's gonna blow
On that hill where we used to go
I look in your eyes and down I will roll
Someday soon
