4 Ever Delayed

Manic Street Preachers

Screaming through the galaxy
Trapped in this eternity
Stranded helpless, endlessly
Alone, the lost vigilantes
For ever ever delayed
For ever ever delayed
From the city to the sea
Will you all come follow me
To a place where we are free

Not tied to guilt or tied to greed
For ever ever delayed
For ever ever delayed
For ever ever betrayed
Forever delayed
For ever ever delayed
For ever ever delayed
For ever ever betrayed
Forever delayed
