

I'm The One Who Knows

Brenton Wood

When a boy falls in love
He thinks of one girl
He wants to try to get a little thing goin'
Strange expressions on his face is showin'
He gets an old rag and he shines his shoes
And patches the holes in his favorite suitI'm the one who knows
I'm the one who really knowsAfter school he walks her home
And when he gets home he gets on the phone
Tells his baby that he missed her so
When he just seen her five minutes ago
He talks an hour, he hangs up and then
Picks up the phone and calls her back againI'm the one who knows
I'm the one who really knowsAt night she's in his dreams, heh
And boy, if you could just see the scene
He-he's all dressed up in a hero suit
A long cape with stars on his boots
He rescues her from a fallen plane
They fly away to a far off land
And live a life that's really grandI'm the one who knows
I'm the one who really knows
I'm the one who really knows
I'm the one who really knows
