I Hate You

[Kim Fowley](#)

So sad, why do we're crying?
So mad, really was trying
to give you what you needed,
and needed what you have.
Everything you gave me baby, always something bad.
So glad, to get up when I did,
So bad, to be out on these kids
instead of being in your arms,
you did me so much harm.
I feel dead, sorrow inside.
I hate you
I hate you
for given me
all your pain.
I hate you
yes, I hate you,
thanks for letting me
off your chain.
So nice, yeah I'm free,
think twice
of what you did to me.
Wish I could get,
but teardrops back.
If I came around,
you'd step me in the back.
So good, another on the rack.
Hey, I'm getting ready
just to attack.
My breath is heavy
'cause the road is long.
Crying 'cause
I am down,
the grandpaw what I am.
I hate you
I hate you
for given me
all your pain.
I hate you
yes, I hate you

thanks for letting me
off your chain.
