

# Liar

## ONE OK ROCK

What do you want from me?  
Just let me breathe a little  
What do you want to see?  
me ni mieru mono?  
What do you want to believe?  
Still nothing can be settled  
Hold on your words you say It's no good nani o motome soshite nani o ukeireru?  
futatsu ni hitotsu!! boku ni wa mada sore ga  
I don't know (don't know)  
tonari de warau kimi wa Hey Liar, Hey Liar  
What do you think of living without me?  
Hey Liar, Hey Liar  
nani ga uso de dore ga shinjitsu? Must be a dream I see maru de dejavu no you  
Trying so hard to know inside of you  
Staring your eyes to feel kono omoi ga todoku you ni to  
negau kedo risou to wa urahara So cold so cold  
tonari de hohoemu kimi.. Hey Liar, Hey Liar  
are mo kore mo uso ja mou  
I'm tired, so tired  
What do you think of living without me? There is nothing left to bleed  
My heart can't take this any more Hey Liar, Hey Liar  
What do you think of living without me?  
nee Liar, Oh yeah Liar  
todomaru koto wa muimi??
