Come In Alone

Japancakes

Come in alone, you will love to let go
And I'll turn you around
When your hopes gave me doubts
[Unverified]

Why I don't need to believe
What you see, to look up and around
You were gone, words came out to a sound

Feel, I'm alive You will see why I'm alive Felt like crying over her I will go to [unverified]

Come in alone, you will love to let go
And I'll turn you around
When your hopes gave me doubts
[Unverified]
