

Where's Da Bud

Three 6 Mafia

I felt the need for the weed
The smoke of game they set the cheese
Just for me the [unverified] purity
The D to the U da da da d
The weed get me shotgun
Oh, please oh, please
Not chicken feet the chicken weed
Pick out the seeds
The heat is hittin' me
Me need to cruise we gotta have it
Don't want to cabbage
We hate that babbage
Like savage we, we, we wanna
The marijuana
Oh, we goners yo man I'm gonna
Go 'round the corner
Get right on ah ah ah ah sack
I need contact I need it bad some wackiness
Just just like that gon' crack yo neck
We weed a comin'
You move to slow take care of dat
Who got the hay, who got the hay?
What do they say across the street?
I'm goin' crazy lookin' for the ink
I take a quarter
Fill it to the border of that bag
Where da bud at?
Where is the bud?
Where is the bud?
Where is the bud?
We looking for the bud
They call me Lord Infamous
But you can call me scarecrow
I need me some red hair
Chicken or some indo
And I need a couple of quarts of something
So I can get full we smoke off the ink
We get blowed off the ink

We get fucked up
We takin' them hard pulls you'll get a wiff
When you sniff up in the air
We smoke bud anywhere
Yeah, bitch we don't care
'Cause when we get the urge
To fire up some chronic
Manne a nigga must campaign
Clouds up in the brain
Fool that cheetah got me hype
Oh, me so hype dog blowin' so much bud
Fool cheefin' contacts off the fall
This shit is burnin' to quick
Fuck this little just a stroll
To the store get some cigars
Roll some Philly blunts
Damn fool ain't shit in the sack
Bust a fuckin' shit I need some more
Pure and I just can't fuckin' wait
Black let's go here da bud at
Let's go where da bud at
Let's go where da but at man
Where is the bud?
Where is the bud?
Where is the bud?
