Break

Saul Williams

And when my fears arise I blow them out
Blow them out, get it out
Blow it out, get it outDeath creeps through the streets over programmed beats
A rabid dog in heat on a dead end street
Oil slicks, the only rainbows that
Canvas gray concreteShadows of skyscrapers fall when Mohamed speaks
Corpses piled in heaps
Placing tags on feet, a Nike Air Force Fleet
Custom made, uniqueStill in box, white sheet
White tank top, wife beat
Ripened blue, black, sweet
Ripened blue, black, sweetHearts in two-step beat
Break, dance, work, whip, pray
Break, neck, jump, back, kiss
Break, ashes, dust, kill, crush, breakConsider yourself less than, inferior to
Half man, superior to woman, unbearable likeness
Consider yourself almost, never quite, dark-skinned
Lily white, black as sin, devil's den, whitenessConsider yourself outcast, criminal, unseen, invisible
Point blank, ready cocked trigger
Consider yourself, hardcore, dirt poor, hustler, bitch
Whore, reverend, doctor, niggerHearts in two-step beat
Break, dance, work, whip, pray
Break, neck, jump, back, kiss
Break, ashes, dust, kill, crush, breakBuild up, pimp strut, slap
Break, cotton, corn, crop, wheat
Break, dance, work, whip, pray
Break, neck, jump, back, kiss, breakLet it out, blow it out, spit it out
Get it out, beat
Let it out, blow it out, spit it out
Get it out, beatingsLet it out, blow it out, spit it out
Get it out, beats
Let it out, blow it out, spit it out
Get it out, beastsLet it out, blow it out, spit it out
Get it out, get it out
Let it out, blow it out, spit it out
Get it outLet it out, blow it out, spit it out
Get it out, beat
Let it out, blow it out, spit it out
Get it out, beatingsLet it out, blow it out, spit it out

Get it out, beats
Let it out, blow it out, spit it out
Get it out, beastsLet it out, blow it out, spit it out
Get it out, get it out
Let it out, blow it out, spit it out
Get it outBy the horns and get it out
Cough it up and spit it out, get it out
Break the cycle, break the chain
Break the hurt and break the painAll my doubts and all my fears
Break the spell that keeps me here
Break the cycle, break the chain
Break the whip and break the painGet it out, spit it out, get it out
Break, let it out, blow it out, spit it out
Get it out
Break, let it out, blow it out, spit it outGet it out
Break, let it out, blow it out, spit it out
Get it out, break
