Put a bottle in their hand, put a blunt to their lips
Gangsta walkin' in da club, err'body gon' piss
And da hoes on the corner workin' graveyard shift Yeah, they call me the juice from that north north set
Where they rob for the folks and they divvy up the net

Ain't no thang to bust yo' head and start a fight
Like bitch, what's up now? North Mississippi in this bastard
Fuck around my nizzle and get your whole body plastered I remember the wall trick, if you got some manner
Gangsta walk yo' ass over here pumpin' to Banner
