

Splintered

Buried In Verona

I feel the cracks splintering through the foundations
Tried moving heaven and earth
But lets face it
You're only feeling alive
If you taste death
Creation death always now but you're faceless
Yeah
I know you're hiding
Cause you're weak
You're wasting moments just
Like they're dust in the breeze
Do you ever dream?
Do you ever think there's more
To life than this?Not gonna let get you anywhere
Like this, will you ever learn? 3x
I know you're hiding
Cause you're weak
You're wasting moments just
Like they're dust in the breeze
Do you ever dream?
Do you ever think there's more
To life than this?I try, I'm trying to push harder
I'm going against the grain
It's gonna be hard gazing up at the stars
Looking into foreverYou, you're just a number
In this world
Programmed from the day
Of Birth. You need to find
Your self worth and live
Like it's your last
Day on earth
The crows finding
It hard to resuit you
They need their souls
Born and bred
Conditional
Run boy just as fast as you can
Head for the visions that
You dreamt where

You still fucking can
Looking into forever I try, I'm trying to push harder
I'm going against the grain
It's gonna be hard gazing up at the stars
Looking into forever
