

# A Showman's Life (With Special Guest Faith Hill)

## George Strait

A showman's life is a smokey bar  
And the fevered chase of a tiny star  
It's a hotel room and a lonely wife  
From what I've seen of a showman's life  
Nobody told me about this part They told me all about the pretty girls  
And the wine and the money and the good times  
There's no mention of all the wear and tear  
On an old honky tonker's heart  
Well I might have known it  
But nobody told me about this part A boy will dream, as children do  
Of a Great White Way, until the dream comes true  
And a phony smile in a colored light  
Is all there is to a showman's life  
Nobody told me about this part They told me all about the pretty girls  
And the wine and the money and the good times  
There's no mention of all the wear and tear  
On an old honky tonker's heart  
Well I might have known it  
But nobody told me about this part And nobody told me about this part They told me all about the pretty girls  
And the wine and the money and the good times  
There's no mention of, all the wear and tear  
On an old honky tonker's heart  
Well I might have known it  
But nobody told me about this part  
Well I might have known it  
Nobody told me about this part
