

# Reward

## Rydells

Rooms spin like hurricanes  
Walls begin to breath  
When will this be over  
Like it more  
Then i should  
Its taking over me  
When will this be over  
Fighting for you  
Struggling for you  
Waiting for you  
What do i do this for  
All for the high  
Why do i do this why  
All for the high  
I rummage through this disaster  
To find a reward  
Why do i do this why  
All for the high  
Torn in half again  
I still feel the same  
My head spins like a hurricane  
I cant see  
Right in front of me  
Through the shit inside of me  
When will this be over  
Fighting for you  
  
Struggling for you  
Waiting for you  
What do i do this for  
All for the high  
Why do i do this why  
All for the high  
I rummage through this disaster  
To find a reward  
Why do i do this why  
All for the high  
My head spins  
Lost control

When will this be over  
My eyes roll  
Look inside  
When will this be over  
What do i do this for  
All for the high  
Why do i do this why  
All for the high  
I rummage through this disaster  
To find a reward  
Why do i do this why  
All for the high
