

If I Follow My Heart

[Dennis Brown](#)

If I follow my heart
I'm gonna love you (love you, love you)
And if I follow my tears
I'm gonna leave you (leave you, leave you)
But if I follow my eyes when it's crying time
I'll be crying too
But if I follow what mom says
Girl, we'll be true (we will be true)
We will be true (we will be true) If I follow my heart
I'm gonna love you (love you, love you)
And if I follow my tears, my tears
I'm gonna leave you (leave you, leave you)
But if I follow my eyes when it's crying time
I'll be crying too
But if I follow what mom says
Girl, we'll be true (we will be true)
We will be true, girl (we will be true)
If I follow my heart
I'm gonna love you (love you, love you)
And if I follow my tears, my tears
I'm gonna leave you (leave you, leave you)
But if I follow my eyes when it's crying time
I'll be crying too, oh yeah
But if I follow what mom says
Girl, we'll be true (we will be true)
We will be true (we will be true)
And we'll and we'll be true (we will be true)
