Let It Out

Worth Dying For

With my feet off the ground I'm gonna praise You
With this love I have found, I'm gonna tell the world
The reason I dance is 'cause You saved me
Yes You saved me, yes You saved meWhoaWith my feet off the ground I'm gonna praise You
With this love I have found, I'm gonna tell the world
The reason I dance is 'cause You saved me
Yes You saved me, yes You saved meI'll turn this world upside down
First it starts in this room; I'm gonna let go now
I can't go without You
Let it out, let it out, whoaWhoaWith my feet off the ground I'm gonna praise You
With this love I have found, I'm gonna tell the world
The reason I dance is 'cause You saved me
Yes You saved me, yes You saved meI'll turn this world upside down
First it starts in this room; I'm gonna let go now
I can't go without You
Let it out, let it out, whoaI'll turn this world upside down
First it starts in this room; I'm gonna let go now
I can't go without You
Let it out, let it out, whoaWhoa, You got me singing out
Savior, You're what it's all aboutWhoa, You got me singing out
Savior, You're what it's all aboutWhoa, You got me singing out
