

# Nun For Free (feat. Young Thug)

## Zonique

I'm loving it, I'ma tell you again  
I'm loving it  
I'ma tell you again, I do what I wanna do  
Spend it how I'm supposed to  
I'm here with all my bitches and we all bad too  
I ain't never say never, I say oh oh  
No I don't do shit for free  
And everybody in the club right now  
It don't matter they paying us to come shut shit down  
No we don't do shit for free  
They paying us to come shut shit down  
No we don't do shit for free  
No we don't do shit for free  
No we don't do shit for free  
No we don't do shit for free  
Thugger baby, I don't do nothing for free  
Baby I gotta eat baby out  
I gotta eat baby in  
Money stay talking to buckets  
And no I ain't talking about sex  
They gonna keep rushing I'm gonna keep ducking  
These niggas on speed dial for shit  
Girl do your thang and I don't play no games on no Wii  
Hey officer, officer, you gonna have to use your hand  
Your feet, your gun, ain't nothing for free  
I got these rats straight out the gutter nigga  
My young bitch outta college in love with a baller nigga  
Balmain jeans and extend tees I mean like old gorilla  
Ain't nothing free she won't even let a young nigga feel her  
Yeah she bad I just might Michael Jackson that thriller  
We won't do nothing for free, we can't do nothing for free  
Hell yeah I cut yo lights off ain't got a sword  
I can't go back to being broke I got pissed on ford  
Get it free, lil mama that is yours, got 'em free  
Roller coaster ride, thugger college dorm  
No we don't do shit for free  
No we don't do shit for free  
All my bitches be rolling up  
All of my niggas got lean in they cup

All of my niggas got plant and dough  
Throw some bands and watch 'em go  
We showing out, we going in  
Y'all know wassup when you see us  
We turning up just like it's nothing  
Can't help ourselves, haters can't say nothing  
And everybody in the club run out  
It don't matter  
They paying us to come shut this shit down  
No we don't do shit for free  
They paying us to come shut shit down  
No we don't do shit for free  
They paying us to come shut shit down  
I swear  
No we don't do shit for free  
I promise babe  
No we don't do shit for free  
I promise babe  
No we don't do shit for free
